

NUR1020 Return Demonstration Form

NAME _____ DATE _____

- Student presented signed form from office stating they completed all required labs, vaccinations, physical exam, education, etc.
- Any referrals completed and signed as required.

The following is a list of skills that have been covered in NUR1020L campus lab to date. The student is expected to return demonstrate the skills, including techniques, rationale for the action, nursing implications, and accompanying documentation. Additionally, throughout the return demonstration, when appropriate, student must include techniques of communication, medical asepsis, body mechanics, and maintain patient safety.
